

## PROBLEM:

Lower resolution signal on HDTV 1 with full 1080p support.

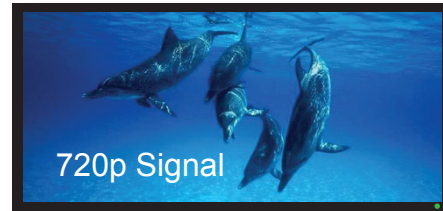

HDTV 1

1080p Native Resolution

HDTV 2

720p Native Resolution

AT-HD-V22M  
HDMI 2x2 Matrix Switcher

Blu Ray DVD Player ( 1080p signal )

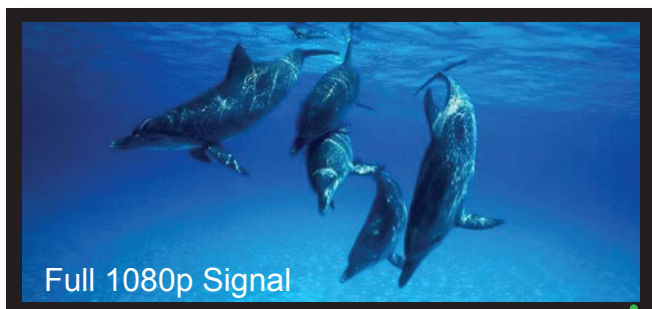

PS3 ( 1080p signal )

## SOLUTION:

Atlona HDMI UP/Down Scaler/Converter Model: AT-HD550

HDTV 1

1080p Native Resolution

HDTV 2

720p Native Resolution

AT-HD-V22M  
HDMI 2x2 Matrix Switcher

Blu Ray DVD Player ( 1080p signal )

PS3 ( 1080p signal )

Atlona HDMI UP/Down Scaler/Converter  
AT-HD550 will down-scale incoming 1080p to 720p which will allow signal to pass through to low resolution display.
