

EXTENDING HDMI OVER A SINGLE CAT CABLE!

Simple yet highly effective!

Since 1989, Square One Network Solutions has provided fast professional service with a personal touch to small-medium sized business. Their perfect track record has even landed them their newest client, CLUB ONE FITNESS CLUB.

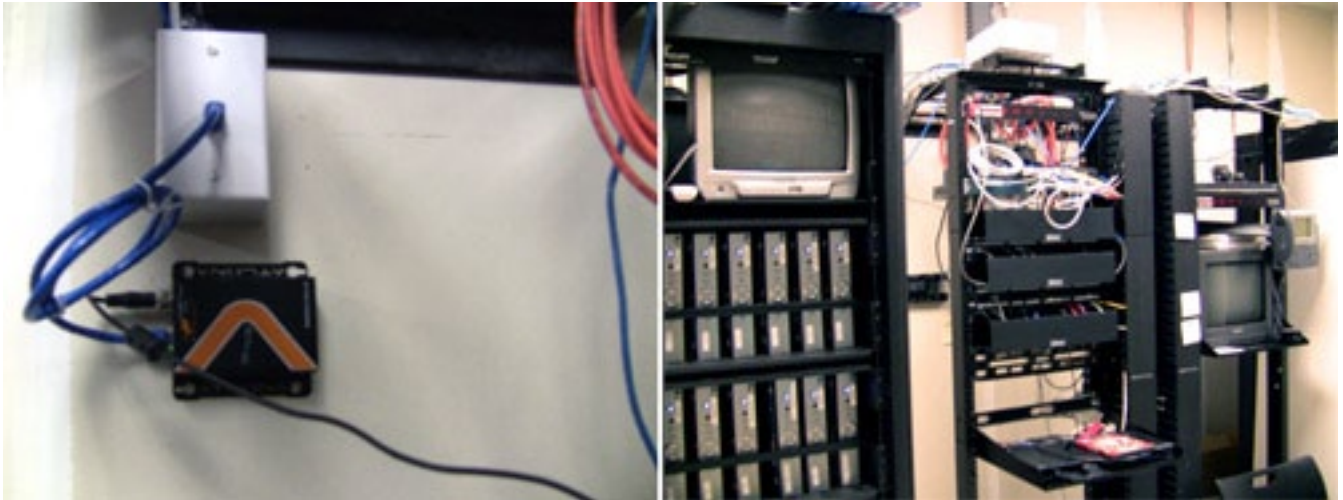

CLUB ONE FITNESS uses HDMI signal to distribute video and audio content to all their displays for their customers. If they are doing cardio or even lifting weights, CLUB ONE FITNESS offers the ultimate AV experience while their customers workout.

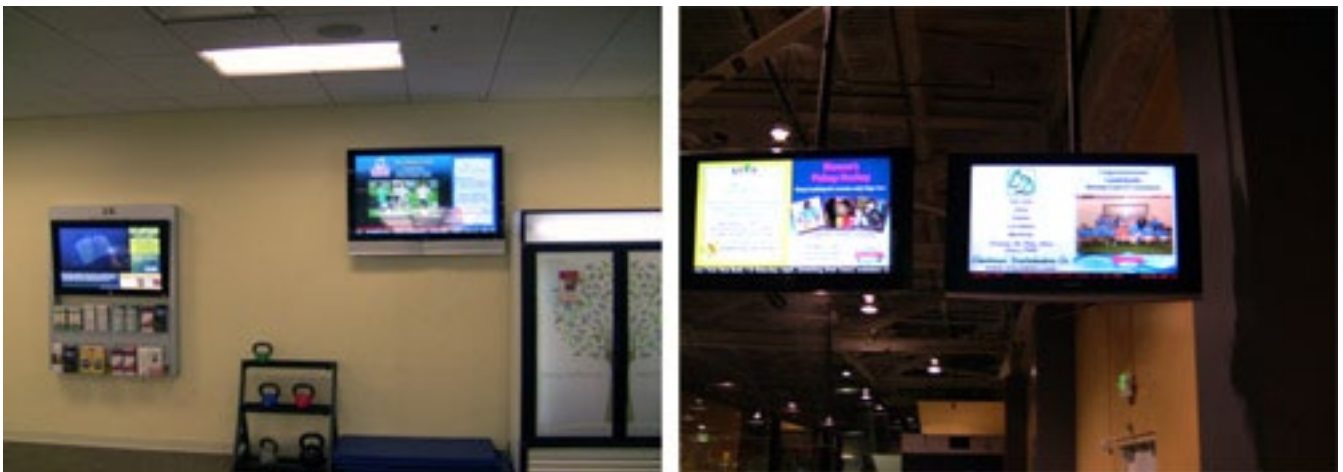

Extending HDMI signal can be difficult, but with the knowledge and expertise of Square One Network Solutions the task was perfected and showed great results!
ATLONA'S AT-HD-V40SRS was used to extend the HDMI signal over a SINGLE CAT 5/6/7 Cable! With full 1080P and audio transmission, this was the solution to piece together this extravagant set up in CLUB ONE FITNESS FACILITY.

The Atлона AT-HD-V40SRS is a perfect solution for those who need to extend HDMI signal for a long distance over a single low cost cat5 or cat6 cable. The Atлона HDMI Extenders can handle HDMI 1.3 standard and high resolutions up to 1080p at up to 110ft and 1080i up to 200ft.
