

## Heavy-Duty Rack Mount Shelf

AT-RACK-1RU

The Atlona **AT-RACK-1RU** is a heavy duty, 1U rack shelf designed for installation of one or two Gain 120 (AT-GAIN-120) power amplifiers in an equipment rack. This rack shelf accessory is also ideal for side-by-side rack placement of many other Atlona products, including the SW Series switchers, HDVS-300 systems, Gain 60 (AT-GAIN-60) power amplifier, UHD-CAT Series DAs, and more.

### Package Contents

1 x AT-RACK-1RU  
16 x 6-mm screws  
1 x Installation Guide

## Mounting Instructions

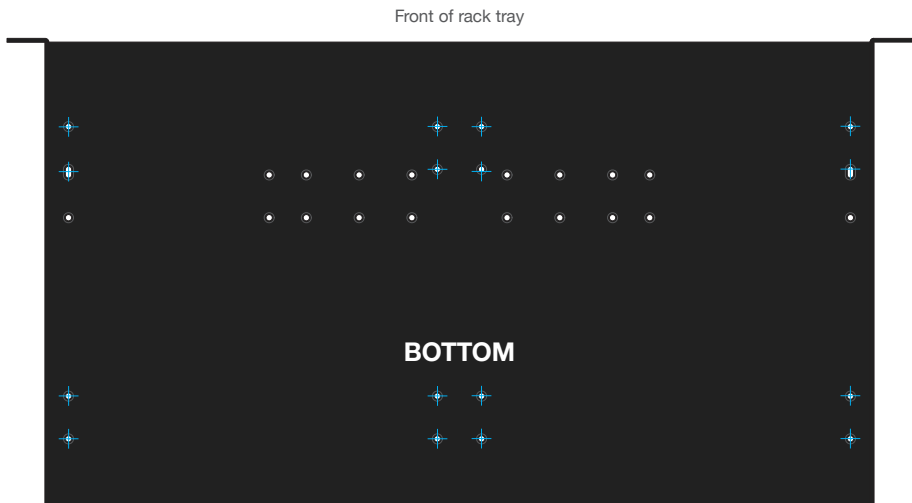

**IMPORTANT:** Before attaching a product to the AT-RACK-1RU, remove any rubber feet that may be attached to the bottom of the unit.

### Compatible Half-Rack Products

1. Place the Atlona product upside down on a flat surface.
2. Turn the AT-RACK-1RU upside down and line up the mounting holes of the AT-RACK-1RU with the mounting holes of the product.

The illustration below identifies the correct holes for mounting half-rack units. A maximum of two half-rack units can be mounted to the AT-RACK-1RU.

3. Use the included 6-mm screws to secure the product to the AT-RACK-1RU. The example on the next page, shows proper alignment of the mounting holes on the AT-GAIN-120 with the AT-RACK-1RU. Up to two Atlona half-rack compatible products can be mounted to the AT-RACK-1RU.

**IMPORTANT:** Do not over-tighten or use high-torque devices on the screws. Doing so may damage the screw and/or the mounting holes of the AT-RACK-1RU and the unit being mounted.

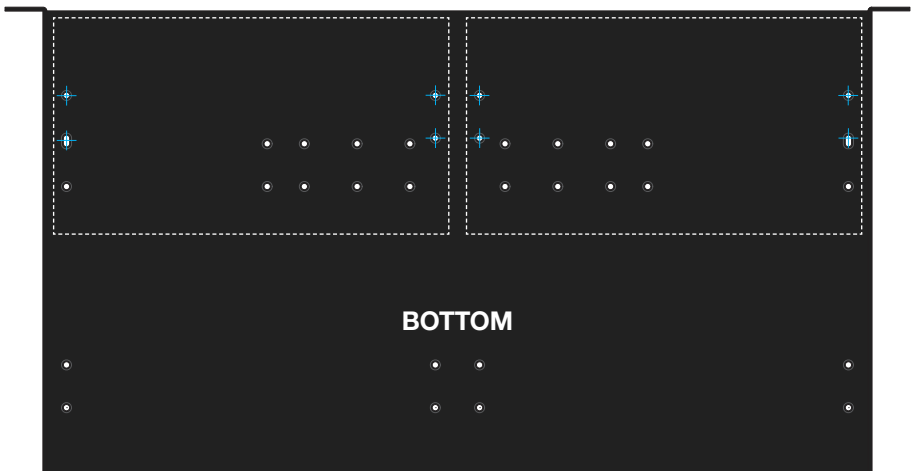

**Example: Mounting two units  
AT-GAIN-120 and AT-UHD-SW-510W**

Two AT-VGW-250 units can also be mounted in a similar way, using the following holes:

**Example: Mounting two AT-VGW-250 units**

Front of rack tray

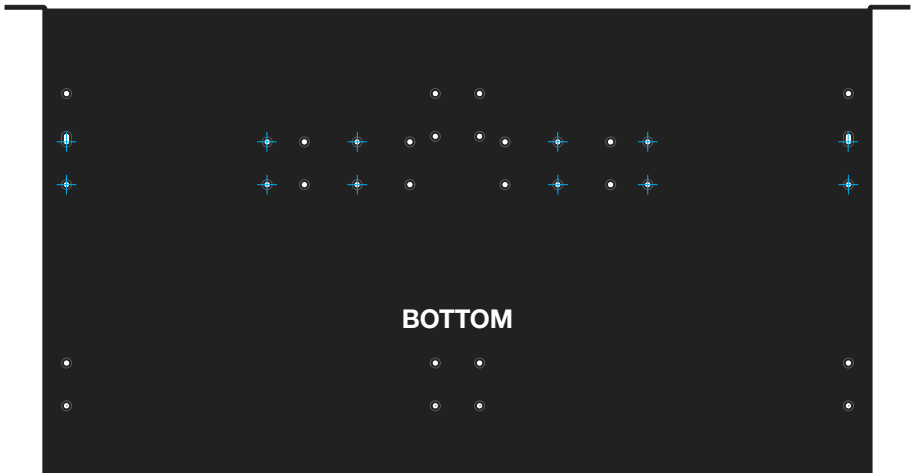

### AT-GAIN-60 (and other compatible products)

1. Place the AT-GAIN-60 upside down on a flat surface.
2. Turn the AT-RACK-1RU upside down and line up the mounting holes of the AT-RACK-1RU with the mounting holes of the product.

Up to three AT-GAIN-60 units can be mounted to the AT-RACK-1RU. The examples below identify the mounting holes for three and two AT-GAIN-60 units.

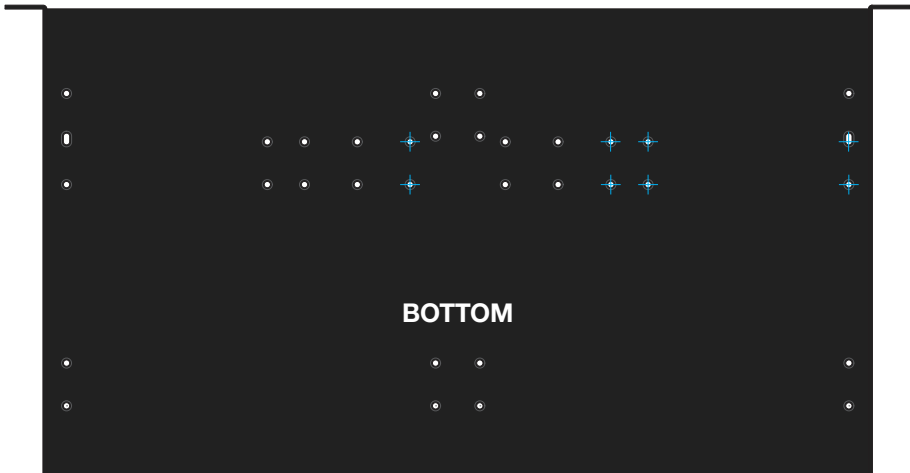

### Example: Mounting Three AT-GAIN-60 units

Front of rack tray

### Example: Mounting Two AT-GAIN-60 units

Front of rack tray

3. Use the included 6-mm screws to secure the product to the AT-RACK-1RU.

**IMPORTANT:** Do not over-tighten or use high-torque devices on the screws. Doing so may damage the screw and/or the mounting holes of the AT-RACK-1RU and the unit being mounted.
