

EDUCATION TECHNOLOGY PROGRAM

Atlona, a Panduit company, is a leading manufacturer of AV distribution, AV over IP, collaboration, and control products. Since 2003, we have been redefining the future of educational and commercial environments by providing reliable, user-friendly, and innovative audiovisual solutions.

Our **Education Technology VIP Program** is built to serve AV and IT professionals in the K-12 and higher education communities. Membership is complimentary and provides front row access to elite Atlona benefits, resources, and services. The qualification process is easy, just complete the [online form](#).

Atlona Academy

Increase your knowledge of AV through online training and in-person training events

Design Assistance

Draw on the expertise of our support engineers to help design a solution for any application requirement

Direct Technical Support

Dedicated technical support hotline for education customers

Direct Advanced Replacement

Minimize downtime with direct access to replacement equipment

Upgrade & Trade-in

Exclusive promotions for staying current with the latest AV technology

Evaluation Equipment

Receive demo gear at no charge to evaluate for 90 days in your environment

Preferred Inventory Allocation

Register your project with Atlona to gain priority access to incoming inventory

Education Portal

Dedicated website for education products, collateral, pricing, and resources

EduPoints Program

Earn credits that can be redeemed for gear, events, services, and more.

Education Pricing

Preferred pricing for educational institutions

Project Showcase

Proud of a project at your institution, let Atlona create a case study and help promote your achievement

Advisory Council

Share your experience in direct conversations with our team about new products and improvements

Learning spaces are where knowledge is shared, and Atlona makes AV signal distribution products to assist in the transfer of ideas and skills. The following page contains some of our key AV technologies and products for the education market. For a complete overview of our product range, please visit atlona.com.

Don't miss out on being an EdTech VIP. Join Atlona's Education Technology Program today!

Redefining AV for presentation and collaboration

The **Omega™ Series** is a family of switching, extension, and video processing solutions with features and technologies designed specifically for today's instructional and meeting spaces. They're essential AV system components made for simple user operation to deliver lesson material in both traditional and hybrid classrooms, lecture halls, and other presentation environments.

HDBaseT/HDMI Switcher, Mixer Amplifier, and USB Hub
AT-OME-CS31-SA-HDBT

Wallplate Transmitter for USB-C and HDMI with USB Hub
AT-OME-SW21-TX-WPC

4x2 Matrix Switcher with USB Hub
AT-OME-MS42

HDBaseT Receiver for HDMI with USB
AT-OME-EX-RX

AV control, scheduling, configuration, and management

Atlona Velocity™ is an innovative IP-based control platform that offers a comprehensive set of capabilities for modern AV installations. It saves valuable time with the ability to configure control systems quickly as well as modify functionality free of extensive programming. In addition to AV control, Velocity includes calendar integration for room scheduling touch panels, centralized configuration of AV devices, and remote management from the cloud.
